FORM NO. 51-4AA CENTRAL INTELLIGENCE AGENCY CLASSIFICATION SECRET 25X1 25X1 NFORMATION REPORT REPORT CD NO. 25X1 COUNTRY DATE DISTR. 5 September 1952 East Germany NO. OF PAGES SUBJECT 2 Plans for Construction of New Railroad Lines in Berlin Area NO. OF ENCLS. DATE OF INFO. SUPPLEMENT TO PLACE 25X1 **ACQUIRED** REPORT NO. THIS DOCUMENT CONTAINS INFORMATION AFFECTING THE NATIONAL DEFENSE OF THE UNITED STATES, WITHIN THE MEANING OF TITLE 18, SECTIONS 793 THIS IS UNEVALUATED INFORMATION AND 794, OF THE U.S. CODE, AS AMENDED. ITS TRANSMISSION OR REVE-LATION OF ITS CONTENTS TO OR RECEIPT BY AN UNAUTHORIZED PERSON IS THE REPRODUCTION OF THIS FORM IS PROHIBITE 25X1 1. 25X1 construction of the following new lines in the Berlin area has been authorized: 25X1 25X1 Seddin-Potsdam Plans for a new loop line between these two points are now being drawn up. The new line will enable rail traffic to pass between Potsdam and the Southern Freight Ring without entering the Western Sectors of Berlin. Pankow-Schoenausen Work was started at the end of May on a new electrified line which will enable rail traffic to pass between these two points without stopping at intermediate stations in the Western Sectors of Berlin. The work is scheduled for completion by the end of September 1952. Bernau-Berlin Freight Ring. A new line is to be constructed between Bernau and the Berlin Freight Ring with the object of avoiding Gesundbrunnen station. The planned completion date is 30 September 1952. Karow-Schildow-Birkenwerder A new double-track line between these points is to be built and put into operation before the end of August 1952. This will provide an alternative

	Construction of a new line between these points is to begin early in July. It is designed to replace the existing Gesundbrunnen-Tegel
	line.
_	Name West amounts Catalogue, 774 I duonte
f.	Nauen-Wustermark-Satzkorn-Wildpark
	The possibility of constructing a new line between these points to
	replace the existing Nauen-Rathenow-Potsdam line was under discussion during May but has not yet been finally approved.
	during ray but has not yet been tricary approved.
g.	Northern Freight Ring-Karow-Birkenwerder
	Construction of a new double-track line of a total length of 15,2
	kilometers is already authorized. At the branch line between Karow
	and Brandenburg, the new line will pass beneath the existing line which will have to be raised by 2.5 meters. Between Schildov and Muchlenball
	it will pass over the Berlin-Basdorf line, continuing via Bergfelde
	to Birkenwerder. The line will then pass over State Highways 143 and 109 and under the Schildow and Muchlenbeck and Schildow to
	Birkenwerder roads. The completed plans are to be submitted to Erwin
	Kramer, Director General, Railroads, by 10 June 1952.
h.	Blankenburg-Karow-Schildow-Birkenwerder
	Near the curved sector between Blankenburg and Karow a new extension is
	to be constructed which will pass over the Eberswalde north station sector and continue in the direction of Schildow and Birkenwerder. The
	Freight Ring will join the north station and Lowenberg line at
	Birkenwerder. The line will be double track and of a total length of 17 kilometers. The new line is designed to replace the existing sector
	of the Outer Freight Ring between Karow and Muchlenbeck-Basdorf-
	Sachsenhausen which was built in 1950. The latter will be dismantled
	to provide materials for the new line. Plans for the new line are now being drawn up in the Planning Office of the Railroad Directorate,
	Berlin.
